**Job Overview:** The Digital Navigator provides individualized or small group assistance to community members who need affordable home internet service, affordable internet-capable devices, and/or coaching in introductory digital skills in order to become effective home internet users. This assistance is provided primarily by voice telephone, but may also include email, text, video chat, and other communication methods that work for the learner. The Digital Navigator's work is part of the Ferguson Library's efforts to broaden equitable internet access for Stamford residents.

**Responsibilities and Duties**

- Receive, return or initiate telephone contact with clients seeking assistance or identified by the Library and its partners for assistance.
- Discuss with each client their home internet access or need for home internet access, technology experiences and their devices.
- Assess their access to technology, current digital skill level pertaining to what they need to accomplish the plan, connectivity needs, and internet use priorities.
- Set goals for Digital Navigator services. Confirm the details with the client.
- If necessary, advise clients about free or affordable home internet service options for which they may qualify, assist clients to apply for services they choose, and support their efforts to secure service.
- If necessary, advise clients about sources of affordable computers or other internet connected devices for which they may qualify, and support their efforts to acquire appropriate devices and where they can get help for repair.
- Coach clients as necessary to use their home internet services in order to meet their internet use priorities. This may include both in person, phone, and online interactions, as well as referral to sources of additional digital literacy skill training.
- Track each client's progress and types of requests, keep accurate and timely records, and report outcomes as required.
- Plan and manage assistance to each client with the goal of fulfilling the agreed upon goals
- Other tasks as necessary.

## **Critical Skills and Aptitudes**

- Ability to embrace the challenge of learning and teaching basic technological concepts related to internet services, computer and device characteristics, and common online services and applications.
- Proficiency in a language second to English preferred.
- Sensitivity and skill in working with the public and staff. Maintains a positive attitude.
- Excellent telephone and online communication skills, including the ability to establish trust with clients of varied educational and cultural backgrounds.
- Ability to creatively solve problems, and negotiate and handle stressful situations in a positive manner.
- Ability to provide excellent customer service, establish appropriate boundaries with clients, and to demonstrate innovation and flexibility.
